In re Application of
Darren Chermack
Application No. 10/655,112
Filed: September 4, 2003
Attorney Docket No. N/A

As per our discussion on or about September 5th, I am sending these two petitions and supporting documentation

The original Notice to File Corrected Application Papers mailed on 11/28/2003 was not received, and my follow up inquiries to the patent office did not indicate that the application was waiting for further materials on my part. Now that I am aware of the required documents, I am happy to provide them.

Enclosed please find these two petitions along with these supporting documents:

- 1) Petition for Reconsideration of Patent Application Abandonment
 - a. Copy of docket record
 - b. Copy of reply to email inquiry of 9/22/04
- 1) Petition for Submission of Corrected Application Papers
 - a. Copy of Fig. 8
 - b. Copy of Specification, Claims, and Abstract reformatted to double spacing
 - c. Copy of receipt postcard listing contents of original application
 - d. Payment of \$400.00

Sincerely,

Darren Chermack
